

The museum has just been given a set of dishes totaling 100 pieces.
How do I accession them?

What's the difference between accessioning and cataloguing an object?
Why should I care?

The museum has a quilt made in the county.
Where do I attach an accession number?

Where should I put permanent numbers on objects; what kind of ink should I use?

Its hurricane season, how should I prepare to protect my collections?
Who do I call for help?

Museum Collections Basics: A Workshop

Museum of Frederick County History

24 East Church Street, Frederick, MD 21701

Monday, March 26, 2012

10 a.m. to 4 p.m.

This workshop will feature hands-on activities to address basic museum collections questions. The intended audience is those with just a little experience and lots of questions about how to properly take care of your museum's stuff. Join us for a day where you will learn a lot and have some fun, too. Lunch and materials are included in your registration fee.
